

Semifinalist Candidates' CheckList

The following items must be **received** by March 3, 2009:

- 2-3 letters of recommendations that are *specifically addressed to Point Foundation*

- Official school transcript
 1. First-year students need to submit a transcript from the most recent school they graduated from, as well as, a transcript from their first semester in college. For example, if you are an undergraduate semi-finalist at X university and are a first-year student in an undergraduate program, you are to submit both your fall term university transcript and your high school transcript. A first-year student in law school would submit their fall term law/university transcript and their transcript from the previous university from which they graduated.

 2. Community college students if they are applying to transfer need to submit transcripts from all institutions from which they have received credits to initiate a transfer. If community college students have already transferred to a four-year university and have just completed their first semester they are to send transcripts from both their current university and the community college from which they transferred.

 3. If, as a semifinalist, you have already attended a university for either one year or longer you need to submit only your current university transcript. Please note that it can take up to five weeks to receive a transcript from an educational institution. Do not have transcripts sent directly to Point from an educational institution, as the information will not have a PIN or name on the outside of the envelope, and subsequently will not be accepted.

- Verification of test scores (e-copy print-out preferred) that were submitted in the Point application. If standardized test scores are required for admission to an applicant's educational institution for which they are hoping to receive Point support, official verification of that semifinalists' testing is required. For instance, if you are selected as a Point Semifinalist who is an undergraduate senior at X University and the law school you are applying to require LSAT testing for acceptance, you are required to send to Point your LSAT scores only. Semifinalists will be required to either mail, or e-mail the online score report provided on collegeboard.com, or submit the appropriate testing organization verification with the other required supplemental material. Point highly encourages you to e-mail the online score report.

- A resume and/or CV
- A list of three specific dates, times (with time zone) and a phone number where you may be contacted by Point for a phone interview between March 17 and March 22, 2009.

All materials must be sent together in one, large envelope, with the applicant's full name and PIN on the outside of the envelope. The applicant's full name should be placed on either the front or back of every piece of paper submitted besides sealed letters or transcripts. Do not open sealed letters or transcripts. NO STAPLES.

Send materials to:
